

# Retailer Benefits

HomeValet's SaaS solution connects online retailers and couriers with a temperature-controlled Smart Box outside of consumers' homes. The Smart Box and software facilitate contactless, unattended, 24/7 delivery of frozen and refrigerated items along with pantry goods and other purchases. Opens new channels in grocery, alcohol, and pharmaceutical home delivery.

RETAILERS

## Brand Loyalty

Empower your customers with the smartest, safest, easiest delivery system ever conceived. Provide them with a seamless shopping experience, from checkout to contactless delivery, and receive increased brand loyalty in return.

RETAILERS

## Increase Sales & LTV

With convenience comes greater customer loyalty, decreased churn and increased sales. Period. In addition, open up new channels for grocery, alcohol, and pharmaceutical deliveries.

RETAILERS

## Reduce Liability

Package theft and damage is no longer a cost of doing business.
